The Fear

Of being hounded to death by the detectives of a surety company keeps many a man straight. Besides, the company's bond protects you against pecuniary loss if the employee should go wrong.

The purpose, therefore, of a fidelity bond is not only to protect the employer and to maintain honesty in the employee, but to benefit society as a whole, for a dishonest man is dangerous to the entire community.

Let us help you. Let us make your bonds.

ASK LEADER TO
EXPLAIN ABSENCESMissing Rich Boy Is Sought
in Mysterious Cult
Circles.

Chicago, Ill., Jan. 6.—Ottoman Zar Adusht Hanish, head of the Mazdaznan cult in the inquiry to locate little William Lindsay, heir to a Philadelphia fortune, when questioned today regarding the disappearance of Carlos Hepple, a member of the cult, insisted that he had not seen Hepple for several days.

Counsel for Charles Lindsay, the lad's uncle, read to the court portions of a book written by Hanish, which the attorney declared bore on the practices indulged by the Mazdaznan temple.

"No one but a man of depravity can find any passage in the book that is indecent," it was asserted. "There is nothing there but a scientific statement."

Several women left the courtroom when the hearing began. The hearing will be resumed January 17 and meantime the search for William Lindsay will be continued.

Who Are Honest Prove
Their Circulation

The actual circulation of a daily newspaper is easy for any advertiser to ascertain, if the publisher is not afraid to have the truth known. Depend upon it, a publisher who declares that his "circulation is his own business" and the advertiser has no right to investigate it, makes a practice of issuing false statements, and does not dare to let the truth be known. The actual circulation of a daily newspaper is so easy to ascertain, by any one having an interest in knowing the truth, that it is a wonder that some advertisers will go on buying advertising in some papers without making any effort to know what they are buying.

The guaranteed circulation of the El Paso Herald is written in every advertising contract and made a part of it.

El Paso, Texas, Jan. 2, 1912.

To the People of the Southwest:

Ladies and Gentlemen:—

It is with pleasure that we publish the following letter which we received unsolicited some days since:

Messrs. Globe Mills,
City of El Paso.

Dear Sirs:—

I am pleased to be in receipt of your interesting Circular of the 15th, and in response beg to say I am wholly in sympathy with your enterprise, and congratulate you on your brilliant success. The goods you are putting on the market are not excelled anywhere. I have not used any other brand of flour since yours has been available, and shall not.

Your sentiments of mutual protection and helpfulness, are the basis of success and progress in any community and our little young but athletic City is no exception.

Respectfully and kindly,

(Signed) Mrs. M. A. McHatton.

1108 San Antonio St.

The above letter tells the story, for, after all, the co-operation of an entire community for the best interests of that community makes the City great. Quality, service, and fair treatment can mean nothing if not a healthy increase in the extent of sales.

Total sales December 1910 . . . \$55,125.79

Total sales December 1911 . . . 67,652.32

Just 22-1/2% increase. We will continue to do our part in keeping up the quality and service and we would certainly appreciate the continued co-operation of this Southwestern section in making its enterprises decided successes.

Yours very truly,

WINNING WANTS

The Explicit Want Ads are the ones that bring the most replies—they are the ones that are read with the greatest degree of satisfaction.

When you write a Want, tell all the important facts. If you are advertising for help, tell just what is to be expected of the applicants. As a matter of fairness, those who seek employment should know all the principal facts regarding a position, so that only those who are capable of filling such a place will be expected to apply.

In locating a position through the Want Columns, state your qualifications plainly and concisely, tell of your experience and enumerate enough of the facts, so that those who are seeking work will have full working information, if they are interested to communicate with you.

The explicit Wants tell clearly, concisely, in a minimum number of words, just the thought that is to be expressed.
